We have been featured in:

Manufacturing Unit & Workshop

Built at the crossroads of design intelligence and precision engineering, MN Design Co. takes modular designing, and manufacturing to the next level. With over 16 years of experience, we curate spaces that demand modern aesthetics for refined experiences.

From residential masterpieces to large hospitality or institutional projects, our bespoke design meets economies of scale. All through a disciplined process that blends CNC-enabled precision, high-capacity manufacturing, and expert craftsmanship.

and reliable after-sales support
- ✳ **Precision and Excellence**
under one roof!

“ So grateful to MN Design Co. and Garima! From the very beginning, she understood our vision and added her creative touch to make every corner truly special. Her eye for detail, design sense, and ability to blend functionality with aesthetics is remarkable. What I appreciated most was her patience, professionalism and how she ensured everything was executed seamlessly. ”

Mrs. Seth | Entrepreneur
